Section I. Invitation to Bid

Notes on the Invitation to Bid

The Invitation to Bid (IB) provides information that enables potential Bidders to decide whether to participate in the procurement at hand. The IB shall be posted in accordance with Section 21.2 of the 2016 revised IRR of RA No. 9184.

Apart from the essential items listed in the Bidding Documents, the IB should also indicate the following:

- a. The date of availability of the Bidding Documents, which shall be from the time the IB is first advertised/posted until the deadline for the submission and receipt of bids;
- b. The place where the Bidding Documents may be acquired or the website where it may be downloaded;
- c. The deadline for the submission and receipt of bids; and
- d. Any important bid evaluation criteria (*e.g.*, the application of a margin of preference in bid evaluation).

The IB should be incorporated in the Bidding Documents. The information contained in the IB must conform to the Bidding Documents and in particular to the relevant information in the Bid Data Sheet.

Section IV. General Conditions of Contract

Notes on the General Conditions of Contract

The General Conditions of Contract (GCC) in this Section, read in conjunction with the Special Conditions of Contract in Section V and other documents listed therein, should be a complete document expressing all the rights and obligations of the parties.

Matters governing performance of the Supplier, payments under the contract, or matters affecting the risks, rights, and obligations of the parties under the contract are included in the GCC and Special Conditions of Contract.

Any complementary information, which may be needed, shall be introduced only through the Special Conditions of Contract.

1. Scope of Contract

This Contract shall include all such items, although not specifically mentioned, that can be reasonably inferred as being required for its completion as if such items were expressly mentioned herein. All the provisions of RA No. 9184 and its 2016 revised IRR, including the Generic Procurement Manual, and associated issuances, constitute the primary source for the terms and conditions of the Contract, and thus, applicable in contract implementation. Herein clauses shall serve as the secondary source for the terms and conditions of the Contract.

This is without prejudice to Sections 74.1 and 74.2 of the 2016 revised IRR of RA No. 9184 allowing the GPPB to amend the IRR, which shall be applied to all procurement activities, the advertisement, posting, or invitation of which were issued after the effectivity of the said amendment.

Additional requirements for the completion of this Contract shall be provided in the **Special Conditions of Contract (SCC).**

2. Advance Payment and Terms of Payment

- 2.1. Advance payment of the contract amount is provided under Annex "D" of the revised 2016 IRR of RA No. 9184.
- 2.2. The Procuring Entity is allowed to determine the terms of payment on the partial or staggered delivery of the Goods procured, provided such partial payment shall correspond to the value of the goods delivered and accepted in accordance with prevailing accounting and auditing rules and regulations. The terms of payment are indicated in the **SCC**.

3. Performance Security

Within ten (10) calendar days from receipt of the Notice of Award by the Bidder from the Procuring Entity but in no case later than prior to the signing of the Contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR of RA No. 9184.

4. Inspection and Tests

The Procuring Entity or its representative shall have the right to inspect and/or to test the Goods to confirm their conformity to the Project specifications at no extra cost to the Procuring Entity in accordance with the Generic Procurement Manual. In addition to tests in the **SCC**, **Section IV** (**Technical Specifications**) shall specify what inspections and/or tests the Procuring Entity requires, and where they are to be conducted. The Procuring Entity shall notify the Supplier in writing, in a timely manner, of the identity of any representatives retained for these purposes.

All reasonable facilities and assistance for the inspection and testing of Goods, including access to drawings and production data, shall be provided by the Supplier to the authorized inspectors at no charge to the Procuring Entity.

5. Warranty

- 5.1. In order to assure that manufacturing defects shall be corrected by the Supplier, a warranty shall be required from the Supplier as provided under Section 62.1 of the 2016 revised IRR of RA No. 9184.
- 5.2. The Procuring Entity shall promptly notify the Supplier in writing of any claims arising under this warranty. Upon receipt of such notice, the Supplier shall, repair or replace the defective Goods or parts thereof without cost to the Procuring Entity, pursuant to the Generic Procurement Manual.

6. Liability of the Supplier

The Supplier's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Supplier is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

Section V. Special Conditions of Contract

Notes on the Special Conditions of Contract

Similar to the BDS, the clauses in this Section are intended to assist the Procuring Entity in providing contract-specific information in relation to corresponding clauses in the GCC found in Section IV.

The Special Conditions of Contract (SCC) complement the GCC, specifying contractual requirements linked to the special circumstances of the Procuring Entity, the Procuring Entity's country, the sector, and the Goods purchased. In preparing this Section, the following aspects should be checked:

- a. Information that complements provisions of the GCC must be incorporated.
- b. Amendments and/or supplements to provisions of the GCC as necessitated by the circumstances of the specific purchase, must also be incorporated.

However, no special condition which defeats or negates the general intent and purpose of the provisions of the GCC should be incorporated herein.

	 a. performance or supervision of on-site assembly and/or start-up of the supplied Goods; b. furnishing of tools required for assembly and/or maintenance of the supplied Goods; 			
	 c. furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied Goods; d. performance or supervision or maintenance and/or repair of the supplied Goods, for a period of time agreed by the parties, provided that this service shall not relieve the Supplier of any 			
	warranty obligations under this Contract; The Contract price for the Goods shall include the prices charged by the Supplier for incidental services and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services.			

Packaging -

The Supplier shall provide such packaging of the Goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in this Contract. The packaging shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packaging case size and weights shall take into consideration, where appropriate, the remoteness of the Goods' final destination and the absence of heavy handling facilities at all points in transit.

The packaging, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract, including additional requirements, if any, specified below, and in any subsequent instructions ordered by the Procuring Entity.

The outer packaging must be clearly marked on at least four (4) sides as follows:

Name of the Procuring Entity
Name of the Supplier
Contract Description
Final Destination
Gross weight
Any special lifting instructions
Any special handling instructions
Any relevant HAZCHEM classifications

A packaging list identifying the contents and quantities of the package is to be placed on an accessible point of the outer packaging if practical. If not practical the packaging list is to be placed inside the outer packaging but outside the secondary packaging.

Transportation -

Where the Supplier is required under Contract to deliver the Goods CIF, CIP, or DDP, transport of the Goods to the port of destination or such other named place of destination in the Philippines, as shall be specified in this Contract, shall be arranged and paid for by the Supplier, and the cost thereof shall be included in the Contract Price.

Where the Supplier is required under this Contract to transport the Goods to a specified place of destination within the Philippines, defined as the Project Site, transport to such place of destination in the Philippines, including insurance and storage, as shall be specified in this Contract, shall be arranged by the Supplier, and related costs shall be included in the contract price.

Where the Supplier is required under Contract to deliver the Goods CIF, CIP or DDP, Goods are to be transported on carriers of Philippine registry. In the event that no carrier of Philippine registry is available, Goods may be shipped by a carrier which is not of Philippine registry provided that the Supplier obtains and presents to the Procuring Entity certification to this effect from the nearest Philippine consulate to the port of dispatch. In the event that carriers of Philippine registry are available but their schedule delays the Supplier in its performance of this Contract the period from when the Goods were first ready for shipment and the actual date of shipment the period of delay will be considered force maieure. The Procuring Entity accepts no liability for the damage of Goods during transit other than those prescribed by INCOTERMS for DDP deliveries. In the case of Goods supplied from within the Philippines or supplied by domestic Suppliers risk and title will not be deemed to have passed to the Procuring Entity until their receipt and final acceptance at the final destination. **Intellectual Property Rights –** The Supplier shall indemnify the Procuring Entity against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the Goods or any part thereof. "The terms of payment shall be as follows: Processing of payment will 2.2 commence upon acceptance by the PSO office of the delivered goods." Only two (2) payments shall be allowed to be process for every inspected and accepted deliveries. (Partial and Full Payment) The inspections and tests that will be conducted are: inspection on the delivered item if it is in conformity to technical specifications.

Bidder's Representative/Authorized Signatory

Section VII. Technical Specifications

Notes for Preparing the Technical Specifications

A set of precise and clear specifications is a prerequisite for Bidders to respond realistically and competitively to the requirements of the Procuring Entity without qualifying their Bids. In the context of Competitive Bidding, the specifications (e.g. production/delivery schedule, manpower requirements, and service/parts, descriptions of the lots or items) must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness, and economy in procurement be realized, responsiveness of bids be ensured, and the subsequent task of bid evaluation and post-qualification The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials unless otherwise provided in the Contract.

Samples of specifications from previous similar procurements are useful in this respect. The use of metric units is encouraged. Depending on the complexity of the goods and the repetitiveness of the type of procurement, it may be advantageous to standardize the General Technical Specifications and incorporate them in a separate subsection. The General Technical Specifications should cover all classes of workmanship, materials, and equipment commonly involved in manufacturing similar goods. Deletions or addenda should then adapt the General Technical Specifications to the particular procurement.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for equipment, materials, and workmanship, recognized Philippine and international standards should be used as much as possible. Where other particular standards are used, whether national standards or other standards, the specifications should state that equipment, materials, and workmanship that meet other authoritative standards, and which ensure at least a substantially equal quality than the standards mentioned, will also be acceptable. The following clause may be inserted in the Special Conditions of Contract or the Technical Specifications.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Technical Specifications to specific standards and codes to be met by the goods and materials to be furnished or tested, the provisions of the latest edition or revision of the relevant standards and codes shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are national or relate to a particular country or region, other authoritative standards that ensure substantial equivalence to the standards and codes specified will be acceptable.

Reference to brand name and catalogue number should be avoided as far as possible; where unavoidable they should always be followed by the words "or at least equivalent." References to brand names cannot be used when the funding source is the GOP.

Where appropriate, drawings, including site plans as required, may be furnished by the Procuring Entity with the Bidding Documents. Similarly, the Supplier may be requested to provide drawings or samples either with its Bid or for prior review by the Procuring Entity during contract execution.

Bidders are also required, as part of the technical specifications, to complete their statement of compliance demonstrating how the items comply with the specification.

Technical Specifications

Ite		Specification	Statement of Compliance
m			[Bidders must state here either "Comply" or "Not Comply" against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. Statements of "Comply" or "Not Comply" must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer's un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidder's statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the applicable laws and issuances.]

Section VIII. Checklist of Technical and Financial Documents

Notes on the Checklist of Technical and Financial Documents

The prescribed documents in the checklist are mandatory to be submitted in the Bid, but shall be subject to the following:

- a. GPPB Resolution No. 09-2020 on the efficient procurement measures during a State of Calamity or other similar issuances that shall allow the use of alternate documents in lieu of the mandated requirements; or
- b. Any subsequent GPPB issuances adjusting the documentary requirements after the effectivity of the adoption of the PBDs.

The BAC shall be checking the submitted documents of each Bidder against this checklist to ascertain if they are all present, using a non-discretionary "pass/fail" criterion pursuant to Section 30 of the 2016 revised IRR of RA No. 9184.

Contract Agreement Form

THIS AGREEMENT made the	day of	20	between
[name of PROCURING ENTITY] of the Ph	nilippines (hereina	fter called "the Er	ntity") of the
one part and [name of Supplier] of [city a	nd country of Sup	plier] (hereinafte	r called "the
Supplier") of the other part:			

WHEREAS the Entity invited Bids for certain goods and ancillary services, particularly [brief description of goods and services] and has accepted a Bid by the Supplier for the supply of those goods and services in the sum of [contract price in words and figures] (hereinafter called "the Contract Price").

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

- 1. In this Agreement words and expressions shall have the same meanings as are respectively assigned to them in the Conditions of Contract referred to.
- 2. The following documents as required by the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184 shall be deemed to form and be read and construed as integral part of this Agreement, viz.:
 - i. Philippine Bidding Documents (PBDs);
 - i. Schedule of Requirements;
 - ii. Technical Specifications;
 - iii. General and Special Conditions of Contract; and
 - iv. Supplemental or Bid Bulletins, if any
 - ii. Winning bidder's bid, including the Eligibility requirements, Technical and Financial Proposals, and all other documents or statements submitted;

Bid form, including all the documents/statements contained in the Bidder's bidding envelopes, as annexes, and all other documents submitted (e.g., Bidder's response to request for clarifications on the bid), including corrections to the bid, if any, resulting from the Procuring Entity's bid evaluation;

- iii. Performance Security;
- iv. Notice of Award of Contract; and the Bidder's conforme thereto; and
- v. Other contract documents that may be required by existing laws and/or the Procuring Entity concerned in the PBDs. Winning bidder agrees that additional contract documents or information prescribed by the GPPB that are subsequently required for submission after the contract execution, such as the Notice to Proceed, Variation Orders, and Warranty Security, shall likewise form part of the Contract.
- 3. In consideration for the sum of [total contract price in words and figures] or such other sums as may be ascertained, [Named of the bidder] agrees to [state the object of the contract] in accordance with his/her/its Bid.

4. The [Name of the procuring entity] agrees to pay the above-mentioned sum in accordance with the terms of the Bidding.

IN WITNESS whereof the parties hereto have caused this Agreement to be executed in accordance with the laws of the Republic of the Philippines on the day and year first above written.

BIDS AND AWARDS COMMITTEE

RULES/GUIDELINES ON THE IMPLEMENTATION OF PUBLIC BIDDING THROUGH ELECTRONIC SUBMISSION AND RECEIPT OF BIDS

1. **Legal Basis.** Proclamation No. 929 signed by the President on March 16, 2020 declared a State of Calamity throughout the Philippines for a period of six (6) months and placed the entire Luzon under Enhanced Community Quarantine (ECQ). Relative to RA 11469 or the Bayanihan to Heal as One Act signed on March 24, 2020, Joint MC No. 1 was issued by COA and GPPB to support the government's effort to mitigate, if not contain the transmission of COVID-19 through the expedient procurement of goods, infrastructure projects and consulting services needed by frontline workers. Given the exceptional circumstances brought about by COVID-19 pandemic, particularly the ECQ and suspension of mass transport services, both the Procuring Entities (PEs) and Bidders are finding it hard to continue with the conduct of procurement activities, and thus, the PEs are at risk exceeding the maximum calendar days allowed for specific procurement activities. In view of this, GPPB issued Resolution No. 09-2020, approving measures for efficient conduct of procurement activities during a state of calamity, or implementation of community quarantine or similar restrictions.

2. Definition of Terms

University – refers to Western Philippines University, the Procuring Entity (PE).

BAC – the Bids and Awards Committee of the Western Philippines University.

DBP – refers to Development Bank of the Philippines, the depository bank of the University.

TWG – Technical Working Group constituted by the BAC of the University tasked to assist the BAC in the evaluation of bids.

Document – refers to actual certificates, duly certified filled up forms, notarized legal papers and proposal among others, categorized as legal, technical and financial, the information contained therein provides the basis for evaluation of eligibility of the bidder.

Envelope – refers to a flat material, usually paper either brown or expanding that contains the legal, technical and financial bid documents, and required to be sealed and properly labeled prior to submission to PE.

Electronic File – or file refers to the electronic form of the document usually obtained by scanning the original document and saving it in Portable Document Format (PDF) file format.

Folder – refers to an organizational element in a computer operating system where several electronic files are placed or kept. A folder may be compressed or archived into a single file usually with password protection to secure its contents.

3. **Coverage.** Based on the approved Annual Procurement Plan of the University (Annex C of 2016 Revised IRR of RA 9184), the BAC shall identify projects that will be allowed to be procured through public bidding through online/electronic means

4. Pre-bidding Activities

a. The Invitation to Bid to be posted in the PhilGEPS shall contain information relative to the project to be bid for information of the interested bidders, including the specification that the Western Philippines University as the PE shall allow the submission and receipt of bids through electronic means.

- b. Interested Bidders may seek clarifications about the project for bidding from the BAC through the BAC Secretariat through phone call, email or other electronic communication means.
- c. Bid documents shall be uploaded by the BAC secretariat in the PhilGEPS including the Instruction to Bidders. Interested bidders may download the documents to comply with the required bid documents. A fee for sale of bidding documents shall be deposited by the Bidder to the University Trust Fund Account at DBP. The scanned copy of deposit slip shall be sent by the bidder to the BAC secretariat prior to the opening of Bids.

5. Submission of Bids

- a. Each bid document in the first and second envelopes should be converted into electronic files using Portable Document Format (PDF). All electronic files included in the first folder shall be compressed/archived using WinZip or WinRar software with a password. A separate archived file for all electronic files of financial documents under the second folder shall also be generated with a different password.
- b. As the GPPB Online Portal is still under development, interested Bidders shall submit/upload their Bids for the specific project prior to scheduled date and time of opening of bids at any of the following: WPU Owncloud (www.wpu.edu.ph), Google Drive, or through email to BAC Secretariat (bac.secretariat@wpu.edu.ph). File names of Bid documents should follow the following format: <Project Identification no> <space> <company initials> <space> <folder1> (or <folder2>). Bidders shall send email message to BAC secretariat indicating the successful upload of the files and the link to access the Google Drive.
- c. Printed copies of Bid documents in two (2) sealed and properly marked envelopes should also be sent to the University through the BAC Secretariat by courier.
- d. Upon receipt of the archived files for the first and second folders, the BAC secretariat shall generate a Bid receipt page or a screenshot of the email communication from the Bidder indicating the official date and time of submission. All communications between the Bidder and BAC secretariat shall be saved for reference purposes.
- e. Bidding documents not in compressed archive folders and are not password protected, shall be rejected. However, said bid envelopes shall be accepted, provided that the Bidder or its duly authorized representative shall acknowledge such condition of the Bid as submitted. In such case, the BAC shall assume no responsibility for the misplacement of the contents of the improperly sealed or marked Bid, or improperly compressed or password-protected folder, or for its premature opening.
- f. Bidders may modify or withdraw their Bid at any time before the deadline for the submission and receipt of bids. Where a bidder modifies its bid, it shall not be allowed to retrieve its original Bid, but shall only be allowed to send another Bid equally secured, properly identified and labelled as a "modification" of the one previously submitted. The time indicated in the latest Bid receipt page shall be the official time of submission. Bids submitted after the deadline shall not be accepted.

6. Opening of Bids

- a. The BAC shall ensure the integrity, security and confidentiality of all submitted Bids.
- b. A videoconferencing facility shall be setup at the BAC meeting venue. Bidders will be invited to log in and participate in the online opening of bids.
- c. The BAC secretariat shall confirm receipt of bids through the generated Bid receipt page or record of received Bids.
- d. As in regular opening of Bids, Bids shall be opened one at a time beginning with the earliest to latest Bid submitted. Legal and Technical documents under the first folder shall be opened first for evaluation of eligibility of Bidders. When a Bidder's turn comes, he/she shall be asked to disclose the password in person, or face-to-face through

- videoconferencing or similar technology, or through telephone call. The archived documents shall be expanded/decompressed using the password to reveal the electronic files of documents.
- e. The BAC shall evaluate the eligibility of Bidders through the submitted documents using non-discretionary "pass/fail" criterion as stated in the Instruction to Bidders.
- f. All eligible Bids shall be forwarded to the TWG for post qualification evaluation.
